

THE CRAFTY WEKA™ BAR

Let's raise some money!

Crafty Weka Bites are 40 gram wholefood bars full of healthy goodness, and are a perfect way to raise funds for your club or organisation!

Free from dairy, soy and egg, Crafty Weka Bites suit most dietary needs while being a good source of protein and fibre. Even better, they're made right here in Aotearoa New Zealand.

In the last few years we've helped all sorts of clubs and individuals all over the country raise thousands of dollars for whatever they need!

How it works

Like most fundraisers, this is a pay-with-order program. We offer our product to you at a reduced price, you can sell it to your community at RRP and keep the change for your club or cause. Simple!

- Individual club members sell boxes of 12x Crafty Weka bites to their community at RRP.
- A designated coordinator collates all the orders and payments, and submits the order to Crafty Weka.
- Crafty Weka sends the coordinator an invoice for the orders sold at a reduced price.
- Coordinator pays the invoice, we send the product, coordinator distributes them to club members, members distribute them to the customers.
- You keep the change and hey presto, you did a fundraiser!

EACH SALE
MAKES YOU

\$11.76

SELL 50 BOXES
TO RAISE

\$588

SELL 100 BOXES
TO RAISE

\$1,176

Some small print

- The minimum order for any club is 8 boxes. Each box contains 12x 40g bites. Bites are individually wrapped in their own cardboard box and compostable wrapping.
- Flavours available are original, date and orange, berry berry and cacao and hemp. Ingredients can be found at www.craftyweka.com.
- For this fundraising option to be successful, it is important to sell the bars at the \$36 RRP. Crafty Weka requires that the cost structure is not adjusted.
