- An iconic Kiwi brand that Kiwis know and love

- A simple pay-with-order programme through Raised
- Clear profit from every pack sold
- Fixed pack combinations that are easy to order and distribute
- Individually wrapped frozen products for convenient storage and use

HOW IT WORKS

Your organisation or group purchases the packs from us at a special fundraising price, sells them at the recommended price and keeps the difference. Simple.

You can track sales every step of the way and at the end Raised combines the orders and submits to us at Maketū Pies. We issue one invoice at the special fundraising price.

Once payment is made we prepare and deliver the frozen packs, leaving your group to distribute the orders and keep the fundraising profit.

- 1** Set up your profile on Raised, and select our Maketū Pies catalogue.
- 2** Submit a request to start your campaign using the Create Fundraiser Request link.
- 3** We confirm your campaign dates, and delivery arrangements.

Then... The campaign is live. Share the link with your community, team, and spread the word.
